4. Please use the box below to give reasons for your support / objection or to make your observation and give details of any suggested modifications.

Lower Wharfedale Ramblers weekly walks and members visit Addingham many times each year as it is such a key confluence of many routes. We are keen to support and work with others on the maintenance and enhancement of Public Rights of Way and their signage and interpretation, on-site or on-line.

So we support the statement in 7.51 page 56, especially the sentence: 'Improvements to public rights of way, and off-road cycle routes to Ilkley and Bolton Abbey, to encourage walking and cycling, will be encouraged wherever possible'.

It would be good if the plan could also mention another type of user of some of the routes: horse-riders (using bridleways) and include a willingness tackle the issues of shared use and to make some paths more accessible for prams, wheelchairs and mobility scooters.

On the Addingham Neighbourhood Development Plan map on p.68 green dotted lines are keyed as 'Green Infrastructure' which seem to denote mostly Public Rights of Way. What does it actually stand for in total? Could another map give more detail of different path status please.

Ramblers also support Objectives 3 and 2, on the Natural Environment and Built Heritage and see the rights of way as providing wider access to the enjoyment of these.

5. Please place an 'X' in the box if you would like to be notified whether the plan proposal is made (adopted) by the Council or not:
