Dear Sir

It has been brought to my attention the potential to build a further 450 houses in Baildon.

As a Baildon resident I wish to present my objection.

The infrastructure of Baildon cannot absorb the building of any more houses.

The roads the schools the doctors are not sufficient to absorb the potential number of families and their cars children and pets etc.

I am also very disappointed that I have had to find this out from a third party and I feel that we are not being kept informed of decisions that affect the residents of our lovely village.
