5. Please give details of why you consider the Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please refer to the guidance note and be as precise as possible.

If you wish to support the legal compliance, soundness of the Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Additional policy

The core strategy should include an additional policy giving support to 'local listing' of unlisted buildings of interest as promoted by English Heritage. These should include buildings of local historical interest as well as those of architectural merit. There is plenty of voluntary sector support, for example from the civic society movement, to undertake the task of drawing up local lists, if the buildings can be awarded a degree of protection.

Additionally the core strategy should address the issue of none-adjointing conservation areas – the gaps between conservation areas which are becoming known as 'Conservation Fringe'. In order to protect conservation areas, it is necessary to enhance the areas around them, even though these have been previously excluded, usually due to their containing modern infill buildings of little architectural merit and the desire on the grounds of neatness to draw the lines tightly around specific conservation areas.

Conservation fringe has particular merit in built up areas where steep hillsides are a feature because of the impact of the townscape. Some distant buildings may have more impact than those that are close at hand but out of view. Protection for conservation fringe areas would also deter inappropriate developments on the edge but just outside conservation areas and foster uniformity with regard to street furniture, protection for trees, boundary treatments and street vistas.

6. Please set out what modification(s) you consider necessary to make the Plan legally compliant or sound, having regard to the test you have identified at question 5 above where this relates to the soundness. (N.B Please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

See 5

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. Please be as precise as possible.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification to the Plan, do you consider it necessary to participate at the oral part of the examination?

<input checked="" type="checkbox"/>	Yes, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

If needed, to explain these proposals further.

Please note the Inspector will determine the most appropriate procedure to adopt when considering to hear those who have indicated that they wish to participate at the oral part of the examination.
