Dear Bradford Local Plan Group,

Thank you for your letter and the opportunity to comment on the Bradford District Core Strategy DPD Publication (Draft). Please find below our comments for your consideration within the plan. Should you have any further questions, please don't hesitate to contact me.

We welcome the Councils acknowledgement that the farming community play in delivering a positive rural economy (Section 2.6). It is also pleasing to see that flooding within the district is not a new, and the biggest risk comes from heavy downpours and overflowing watercourses (Section 2.61). Agriculture will continue to play an import role is meeting many of the Councils Strategic Objectives, including objectives 13, 15 and 16, but will need a flexible and pragmatic planning system that allows the industry to adapt and change.

Kind regards
