

My Comments on  
The Bradford Local Plan

Subject: - Housing development in Hkley  
...proposed 800 houses...

Comment:

- ① The main problem will ~~be~~ extra housing is the infrastructure. Already the roads are lined with parked cars and delivery vehicles double-parked or parked on pavements. The central car park is totally inadequate to cope with residents and visitors, schools families moving into the area are flooding in.

Do Not Forget to fill in your name and address overleaf

1. (Cont) impossible to find places for their children in local sub primary schools. Mexton and Silsden are typical solutions.

Once the primary schools are full - Hkley Grammar cannot cope with the resulting number of secondary pupils. Again unsatisfactory suggestions of Keighley and Shipley are proposed.

## 2. Green belt development

Once green belt is lost it becomes difficult to recover. Development cannot continue until every green area is converted or farmed. The logical conclusion to the insatiable demand for housing. The Council should

honour the promise of 'Bramfield

First'. Recent flooding is a warning  
of overdevelopment and building on  
flood plains. (Coutances Way)

3) Ilkley is an outstandingly beautiful  
area and it would be easy to  
assume a lot of N.Y.B.T. in but  
we also welcome millions of visitors  
each year. The moors and the  
Wharfe valley are here to valuable  
flora and fauna.
