The Bradford Local Plan

RECEIVED  
15 MAR 2019

Subject:

HOUSING

Comment:

- 1. There are available sufficient "brown field" sites nearer to city centres rather than utilise "green field" areas.
- 2. 600+ extra households would further overload public services which are currently at near capacity e.g. waste disposal and sewage.
- 3. Schools and medical services are currently overstretched, not only in Ilkley but also in the immediate surrounding areas.
- 4. Public transport in the area is already at near capacity and the load from extra residences in Ilkley would cause major problems for both children on their way to school and workers. The current system is barely able to cope!
- 5. Ilkley is currently lacking in both on- and off-street parking. Extra load

Do Not Forget to fill in your name and address overleaf from 600+ properties would further compound this problem.

I strongly oppose building these additional  
houses
