Subject:

Proposed building on
Green Belt land

Comment:

Building houses on the
Green belt would only
create jobs for the business
where would the people find
jobs. The local schools are
at full the GPs Dentists
already buses trains crowded
parking in town a nightmare
The drainage cannot cope
gullies always blocked.
The amenities cannot

stand an influx of extra people.

Affordable housing isn't viable here. The land is cluttered with under ground streams. The railway has land slides. The building site on the middle school has had major water problems. So all in all it's not been a pleasant experience. How can this scheme work in reality
