

**My Comments on  
The Bradford Local Plan**

**Subject:**

Drafting housing plan  
800 houses - too many  
given existing stretched infrastructures

**Comment:** The plan of 800 houses  
is likely to represent  
2400-3000 extra residents in  
Bradford. How will the  
necessary infrastructures cope?

① Already school places at the  
Leeds School + Grammar School  
are over-subscribed, with children  
being offered places in Keighley.  
Will new schools be built there  
and where? Do late after. residents/  
children leave school in

② Few jobs locally so extra workers will  
need to commute to Leeds/Bradford

**Do Not Forget to fill in your name and address overleaf**

Putting additional strain on  
Dwale Mansions + congested  
roads. Build list on Greenfield  
site in Bradford - houses + shops

for travel to work.

⑤ Healthcare. Already, local hospitals are stretched. How are services provided? GP practices? When? After residents have arrived and added to the census? Need to be in place before houses built.

⑥ Parking already at capacity. How will extra parking spaces be provided? Where? When?

⑦ Loss of Green belt. A valuable amenity - contribute to physical and mental well being of residents + visitors.

⑧ Will also damage tourism. A major development like this will damage the area's attractiveness.
