Tel-

Dear Sir,

I write to put forward my objections to the proposed development & building of 800 houses in 11/12/14.

- ① The structure of the town cannot handle so many more people living in it.
- ② The Schools are full.
- ③ The local Dr's surgeries are stretched as it is.
- ④ The roads & pavements are in bad condition as it is.
- ⑤ Services will not be able to handle more households demands - Sewage; Gas; Electricity; Policing; Parking; etc.

The whole concept is one of utter madness  
- No COMMON SENSE is being used at all.

Yours
