Councillor Kitching
Ilkley Town Hall

Dear Councillor Kitching:

I am writing to express my deepest regret that you are considering building 800 new houses in Ilkley. I was so alarmed to hear this that I am writing from my new residence in Birmingham with my opinion on the matter.

The notion of expanding the town onto greenbelt land is not only dangerous for the environment but also preposterous in town planning terms. I grew up in Ilkley and am acutely aware of the infrastructure pressures that are already at breaking point and the need to preserve the wonderful greenbelt land surrounding our town.

I implore you to reconsider. Let us not ruin something as special as Ilkley.

Sincerely,

[Redacted Signature]

[Redacted] Smith
