5. Please give details of why you consider the Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please refer to the guidance note and be as precise as possible.

If you wish to support the legal compliance, soundness of the Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Section 4 Sub-Area Policies

This response has been produced by CPRE West Yorkshire on behalf of the Yorkshire Greenspace Alliance (YGA). Owing to the short timetable for the consultation and the level of detail required to comment meaningfully on the sub-area policies, it has not been possible for us to incorporate sub-area responses into our core response, although we anticipate that a number of the local groups who are members of YGA will be making sub-area responses.

We do hope to be considered for participation in sub-area sessions at the Public Examination, in collaboration with local YGA members, and so at this stage we wish to raise a broad concern about the sub-area policies.

It is impossible to assess from the policies exactly which areas of greenfield and Green Belt land in each sub-area would be likely to be affected by the policies. Clearly we may refer to the SHLAA as evidence of sites that *might* be developed, but since we are informed by the Council that the sites for the Holme Wood urban extension have not yet been identified, there appears to be no direct relationship between site availability through the SHLAA and strategic intention as expressed in policy. Without being able to make this connection it is not realistic to assess the degree to which the sub-area policies are positively prepared in pursuit of sustainable development, or effective in having suitable sites with which to implement spatial objectives.

6. Please set out what modification(s) you consider necessary to make the Plan legally compliant or sound, having regard to the test you have identified at question 5 above where this relates to the soundness. (N.B Please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. Please be as precise as possible.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification to the Plan, do you consider it necessary to participate at the oral part of the examination?

	No, I do not wish to participate at the oral examination
x	Yes, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

To further represent the views and concerns of the Yorkshire Greenspace Alliance in the light of all parties' consultation responses and the questions posed by the Inspector.

Please note the Inspector will determine the most appropriate procedure to adopt when considering to hear those who have indicated that they wish to participate at the oral part of the examination.
