

Preliminary flood risk assessment: Bradford Metropolitan Borough Council

This addendum by Bradford Metropolitan Borough Council (2017) updates the council's preliminary flood risk assessment report published in 2011. Read the addendum in conjunction with the [preliminary assessment report](#).

Addendum

The preliminary flood risk assessment (PFRA) and flood risk areas (FRAs) for **Bradford Metropolitan District Council** were reviewed during 2017, using all relevant current flood risk data and information.

Past flood risk

No new information reported.

Future flood risk

The new data sets in deriving Flood Risk Areas denote the administrative area of Bradford Metropolitan District Council (BMDC) to include significant areas of flood risk.

Flood risk areas (FRAs)

The following FRAs have been identified for the purposes of the Flood Risk Regulations (2009) second planning cycle

- Bradford City Centre

Other changes

Recognising the need for a long term strategic approach to managing flood risk across the Bradford district, Bradford Council have worked with the Environment Agency to scope and develop a Bradford Flood Programme Board. The Board discusses key strategic flood risk investment and resilient projects and within the Bradford District.
