

# WINTER SERVICE ON A PAGE

## BRADFORD IN WINTER

OVER 50% of the population of Bradford lives around and above 500 feet above sea level

WE HAVE 24,000 Tonnes of rock salt stockpiled before the start of each season

## BRADFORD'S WINTER SERVICE

STAFF ON CALL 24/7 from OCTOBER TO APRIL

WE HAVE two dedicated weather stations in Queensbury and Silsden feeding road surface temperatures

WE GRIT 24 routes covering over 700 miles which equates to 62% of the Highway Network

WE PROVIDE over 550 grit bins across the District

WE HAVE 34 Gritters

WE HAVE 50 Drivers on stand-by

## WINTER REVIEW

In 2012-13 we completed 117 gritting runs using 22,000 tonnes of rock salt

In 2017-18 we completed 92 gritting runs using 19,000 tonnes of rock salt

WORST WINTER

LAST WINTER

On average we treat the network 68 times each winter which equates to 48,000 miles a year - almost enough to circle the world's equator twice
